After coordination with our Office of History we determined we have eight of the ten boxes of records that you are seeking. Please note we did conduct our search based on citations you provided, but some of your citations were inaccurate and yielded no results.

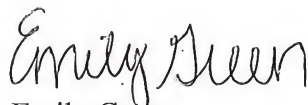

Our responsibility is to fulfill your request by conducting a **reasonable** search and make a **reasonable efforts** to provide the requested record(s) in a form that is readily reproducible. FOIA does not require FOIA Offices to do research for you, to analyze data, to answer written questions, or to create records in order to respond to a request. For example three folders that we uncovered in our search are directly responsive to your request: Accession 64A-2125, Box 10, Folder 5 CEBMCO, Correspondence (217 pages; onion skin); Accession 65A-3184, Box 15, Folder 12, Larson 1961 (70 pages; onion skin; mixed sizes); and Accession 66A-3183, Box 18 Folder 1, Accident and Safety 1962 (213 pages; onion and thermal paper; 2-sided docs, 1 booklet). The remaining folders/boxes may have some Titan I records within, but to determine whether each individual document is directly related to your request or Titan I would take extraordinary effort and time.

Additionally, as demonstrated in the above example the records are complex, difficult to review, copy, and are extremely fragile. The complexity of the records coupled with their fragility would make copying the records beyond our obligations under FOIA. Therefore, we invite you or your colleague to visit our Office of History located at 7701 Telegraph Rd., Alexandria, VA 22315. We will be happy to show you the records you requested in person, allow you to review the records, and assist you in safely making copies for your personal possession.

Finally, four boxes related to your request are not within our possession: Accession 64A-2125-Box 12 and Box 17; Accession 65A-3184-Box 31; and Accession 66A-3183-Box 17. We believe these records would likely be held at the Washington National Records Center located at 4205 Suitland Road Suitland, MD 20746-8001.

For any further assistance and to discuss any aspect of your request, you have the right to contact the USACE FOIA Public Liaison at foia-liaison@usace.army.mil or by calling (202) 761-0511. Additionally, you have the right to contact the Office of Government Information Services (OGIS) to inquire about the FOIA mediation services they offer. The contact information for OGIS is: Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road-OGIS, College Park, Maryland 20740-6001, e-mail at ogis@nara.gov; telephone at 202-741-5770; toll free at 1-877-684-6448; or facsimile at 202-741-5769.
